This is an amazing chance to acquire an excellent 5 bedroom residence and increase its value through your own efforts. The foundation of the home is solid, and it is in good condition overall, although it could benefit from some cosmetic enhancements. The floor plan is fantastic, and there is already a kitchen downstairs that could be utilized as an in-law suite with some renovations in the bathroom. The living room offers a breathtaking view of the Golden Ears, and the front deck is perfect for enjoying that view. Additionally, the backyard is spacious, providing ample room for family gatherings, summer barbecues, and parties. Call your realtor today to book your viewing.
